F. Meet Bryce Canyon City Town Council & Resident Dinner: Mayor would like to have a dinner to have a meet and greet with the citizens of the town. Make them feel like they are part of the community. Want to welcome their input and ideas and have them feel comfortable with visiting with the mayor and council members. Would like to honor the founders of Bryce Canyon City with a plaque. Plan the dinner for the first of March. Deanna and Kenny's help will be needed to get the residents out to the dinner. It will cost around \$5,000.00 for 200 people if we have Brad at Ruby's Inn cater the dinner. (Per plate depending on food items would be \$20-\$25/person) Mayor has spoken with Kenny about translating if needed. The dinner will be held at Ebenezer's so if they are working, they can drop in. The last city census showed just over 200 residents. Schedule a work meeting to plan the dinner. Include Kenny, Kam, Deanna, and any council member, and several residents to help plan. Work meeting will be held Tuesday the 24th, at 10:00 AM. Come with ideas.

5. Department Reports:

Mayor Syrett: Partners meeting will be next week. Centennial planning meeting held last week, and Deanna attended that. Peter Demsmore will hold a monthly meeting to update everyone on the centennial plans. Shuttles wraps were to begin this week; but as of the meeting they haven't been started. They will still propose a state license plate with the centennial logo. Paula is over the merchandise and ideas were discussed. Posters and rack cards will be made. Have a QR code on the posters. Working on banners. One of the logos proposed was a nighttime picture, may be too dark. Will leave it up to Gayle to decide on which one they choose. Piano guys planning still in progress but will be here on June 8th. Tyla requesting help with some of the functions with County EMS services. Trying to get the Mormon Tabernacle Choir. Utah symphony is scheduled for August. Prevention Coalition Meeting: encouraging prevention at the basketball games and have been raffling off soft chair seats. Guiding good choices class has started. Will hold classes on Vaping. Still looking for a coalition leader. This leader would have to travel a lot. Working on Sharps survey for the schools.

Jean Seiler: Update on the logo for the shuttle buses: reached out to Luke Baker for a new logo, our previous logo did not show up very well on the bus. The logo will need to be readable and look presentable on the side of the bus. Will cost a few hundred dollars for design. The new logos will be put on the shared drive.

Mike Stevens: nothing to report

Gary Syrett: nothing to report

Bryce Syrett: nothing to report

Kam Roundy: Working on shot clocks. There is a company coming to bid out wall bleacher seats that roll in and out. The gym was packed on Saturday for games.

Cherrie Tebbs: RAP tax – need to have an application for someone to apply for the funding. Work on putting an application together if someone wants to apply for the funds. Do we set an open application period?

Taryn Syrett: Absent – but banner arms may cost around \$53/a piece. Taryn is having Carter Mortensen working on lights in office.

Jean Seiler: There is an electrician in Hatch he has the number he will get to Taryn, maybe he can help with some of our electrical issues.
Ice Rink: Jade working on punch cards for all Garfield County Students. Working on the best solution for charging guests. Rod is asking on behalf of Ruby's Inn, that they sponsor all students in Garfield County to skate for free. Tab would be kept, and Ruby's will cover the cost. Friday nights and during winter festival days would be blacked out dates. Parents can skate for a local discount \$3.50 per skater. There are local discounts for the other counties as well. Regular guests will be charged \$7.00 per person. Discussion on restricted parking, some spectators want to watch from vehicles. They will clear out the north end of the rink so they can park there to watch. Large pile of gravel was moved to clear out parking area. They did have a scare when one of the pumps quit. Andy was able to fix the issue, it was just a simple lose connection. Running good so far. The pumps will back each other up. First power bill was around \$3,200.00. Did not show the demand charges. One pump will run 24/7. Lights were only \$100/ they put on timers now so that may be cheaper going forward. Working on set hours to open the ice rink. Tera was here from Utah Outdoor Recreation and was impressed with how the rink turned out. Very impressed with the railing. The one in Millcreek was a little bigger and they were also behind a year and a half on completion. Ice is good right now! And they do not have any leaks!

Deanna Moore: Received the full \$3,000.00 from Garfield Travel Council for the Canyon 2 Canyon bike ride. Need to get Taryn to attend these meetings with Deanna.
